Benefits

- Kills 99.9% of germs** without bleach
- 100% naturally derived cleaning agent
- Safe to use on food preparation areas
- Cleans and disinfects surfaces
- Removes daily kitchen dirt
- Quick-drying formula
- Hygienic and safer surfaces

Areas of application

- Food preparation surfaces
- Taps
- Workbenches
- Countertops
- Kitchen hobs
- Sinks

Caution

- Do not use on natural wood, painted wood, marble and linoleum.
- Rinse well after use on anodized aluminium.
- For natural stone or new and unusual surfaces, test first on a small inconspicuous area.
- Do not mix with other cleaning products.
- Do not use on appliance lettering and symbols. Always follow the appliance and surface manufacturers' care instructions.
- Suitable for use in clean and dirty conditions.
- For use in industrial, domestic, institutional and food areas.

How to use

Step 1

Decant into a smaller spray bottle.

Step 2

For cleaning, spray on the surface and wipe with a damp cloth. For beautiful results, wipe with a dry cloth.

Step 3

For disinfection, spray the product evenly on the surface and leave for 15 minutes, then wipe with a damp cloth. In case of heavy dirt, apply twice.

*Food Safe indicates that the product is safe to use on food preparation areas if usage instructions on back of pack are followed. This is supported by the certification provided by Intertek, an external company that performed the analysis on: Toxicological Safety for Use in Direct Food Contact Applications (SANS 1828).

**AS PER LAB TEST. Tested and approved by NRCS. NRCS/8054/211025/1266.
