HOW TO USE

NO NEED TO WORRY ABOUT KEEPING YOUR FREQUENTLY TOUCHED SURFACES CLEAN AND HYGIENIC.

Pour liquid into a smaller bottle for easier handling.

NEAT USAGE

Toilet: Squirt product under rim and leave it to act for at least 15 minutes. Safe for use in septic tanks.

Sinks/Drains: Squeeze to apply to sink surfaces or into drains, let it act for 5 minutes and then rinse to clean and eliminate unpleasant smells.

High touch surfaces: For antibacterial action use neat on non-wood surfaces and leave for 5 minutes before rinsing. Suitable for use on dirty surfaces.

DILUTE USAGE

Floors/Countertops/Fridges/Tiles/Baths/ Showers/Basins and other Surfaces: Dilute 3/4 cup in 5 litres of water.

Dishcloths/Sponges: Dilute 50 ml in a litre of water for soaking. Rinse after use.

Whitening Clothes: Dilute 100 ml in half a bucket of water. Soak for 10-15 minutes. Rinse thoroughly. The pH value at the recommended dilution is 11.5. Dilute and use within the day. Do not store diluted product. For use in domestic, industrial and institutional areas. Bactericidal.
